Dear Parents / Carers

Homework booklets for the Summer

All across the country people are worried about how our children are going to cope having missed so much school. At Milford many of the children have been in school working really well or engaging brilliantly with the Seesaw application. Some children for different reasons have found this hard though and will have fallen behind with their work. To help all our children make a fast start in September we have got some Homework booklets for the Summer with a range of age related Literacy and Numeracy activities. Please help your child complete these activities over the Summer and share some of this work with their new teachers if possible via the Seesaw App.

All completed booklets that are returned in the Summer will get a prize and be entered into a Prize Draw to reward your child's efforts. The children do deserve a holiday but reading regularly and keeping their basic literacy and numeracy skills going over the Summer will make a huge difference to their success in September so please support this if you can! These booklets will be sent home in the last week of term if children are in school, collected from school if children are working from home or delivered to your home address if required.

Yours sincerely

D MAGNER
Head Teacher
