

### **Cashless system at The Milford Academy**

We want to request all those parents/carers that are still paying their child's dinner monies, trips, milk etc to use the School Gateway.

This electronic cashless system has been running effectively for both those parents that pay online since we began in September 2017 and also for the school office, as it allows easy monitoring for both of the payments made.

If you need help in accessing the School Gateway please speak to a member of the office staff who can help you with this.

Thank you

The Milford Academy
